DEMOREST, GEORGIA

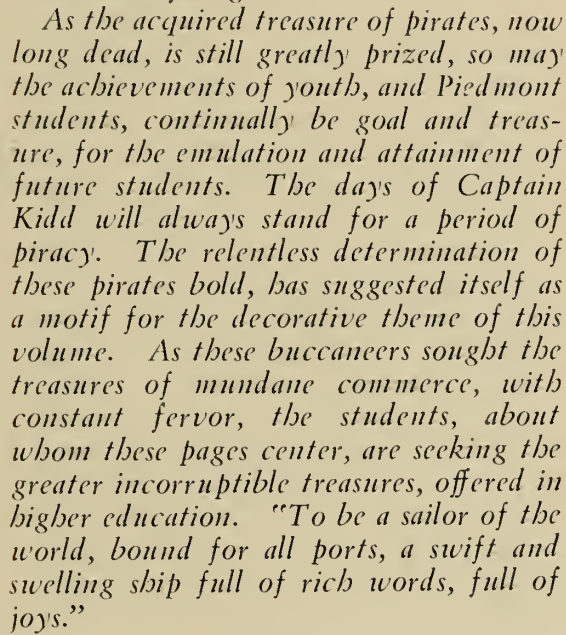

To the youth of the world everywhere, who seek the light of wisdom, and cherish understanding and knowledge, for the betterment of themselves and the world in which we all live, this, the eleventh volume of the Yonabian is dedicated. To those who represent the future leaders, and who have sought in their pursuit of knowledge, with all the zest, adventurous spirit, and ardor of their years, especially the youth of Piedmont College, the following pages are a tribute. The pursuit of wisdom is more elusive, stimulating and generous in its rewards than any chase or prize of the Spanish Main. No buccaneer of a by-gone day ever pursued a more valuable prize, or with more intense determination, than those to whom we dedicate this book. The wise men of the world have always sought the treasure chests of wisdom, learning and under-

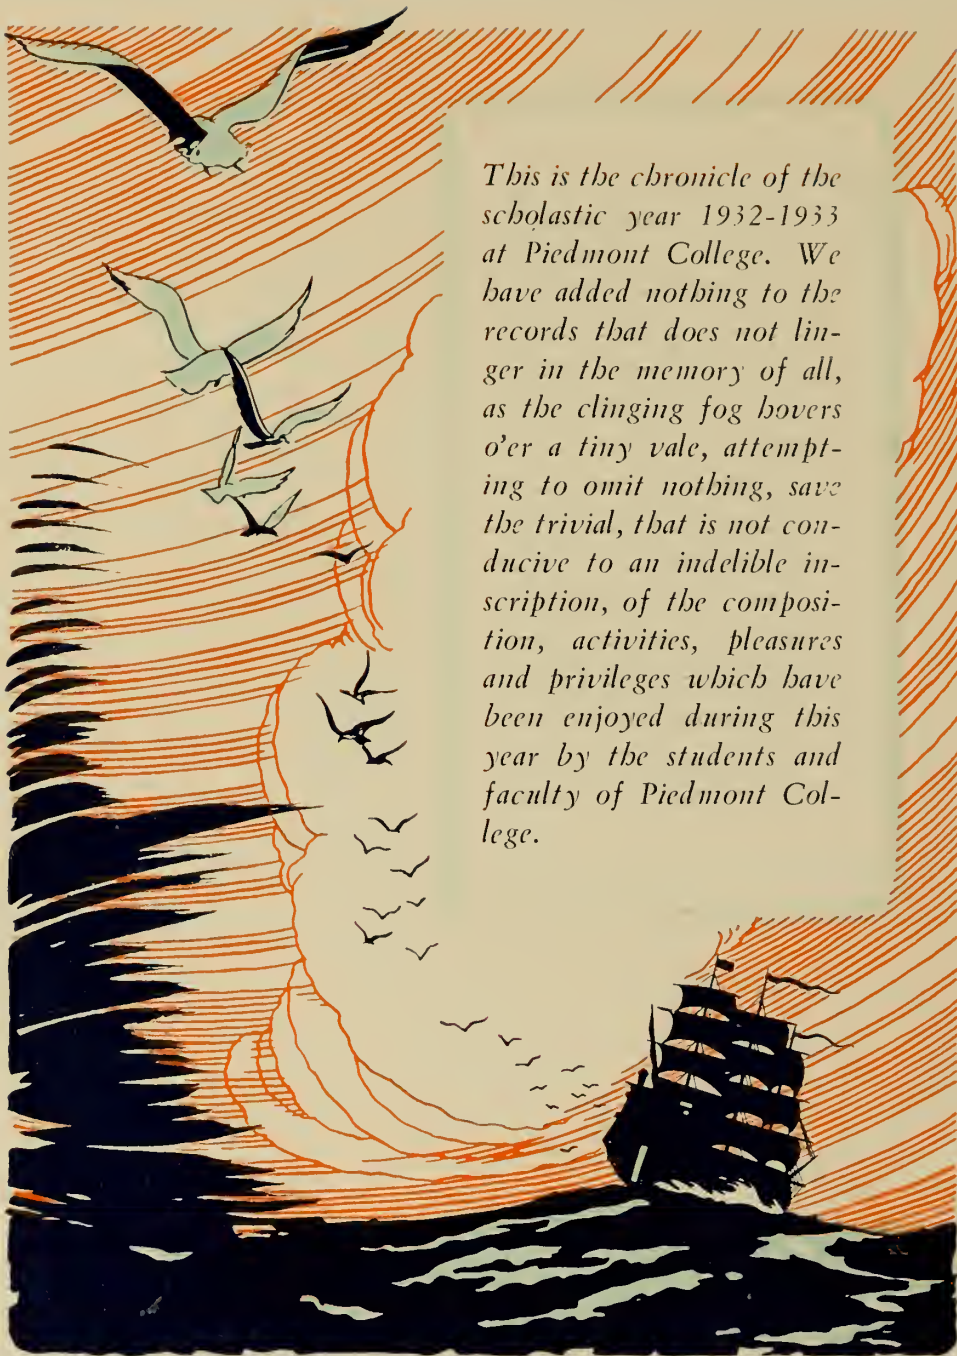

standing, as they are more to be desired than much fine gold.

As the acquired treasure of pirates, now long dead, is still greatly prized, so may the achievements of youth, and Piedmont students, continually be goal and treasure, for the emulation and attainment of future students. The days of Captain Kidd will always stand for a period of piracy. The relentless determination of these pirates bold, has suggested itself as a motif for the decorative theme of this volume. As these buccaneers sought the treasures of mundane commerce, with constant fervor, the students, about whom these pages center, are seeking the greater incorruptible treasures, offered in higher education. "To be a sailor of the world, bound for all ports, a swift and swelling ship full of rich words, full of joys."

DEDICATION

This is the chronicle of the scholastic year 1932-1933 at Piedmont College. We have added nothing to the records that does not linger in the memory of all, as the clinging fog hovers o'er a tiny vale, attempting to omit nothing, save the trivial, that is not conducive to an indelible inscription, of the composition, activities, pleasures and privileges which have been enjoyed during this year by the students and faculty of Piedmont College.

IN MEMORIAM

DANIEL B. ATKINSON

Born in Salmonia, Indiana, March Fifth, 1869;

Died in Demorest, Georgia, March First, 1933.

Dr. Atkinson graduated from Union Christian College in 1894, where he also received his Master's and Doctor's degrees. His life encompassed two professorships, two pastorates, the presidency of Jireh College, Deanship of Palmer College, and the Chaplainship of Piedmont College.

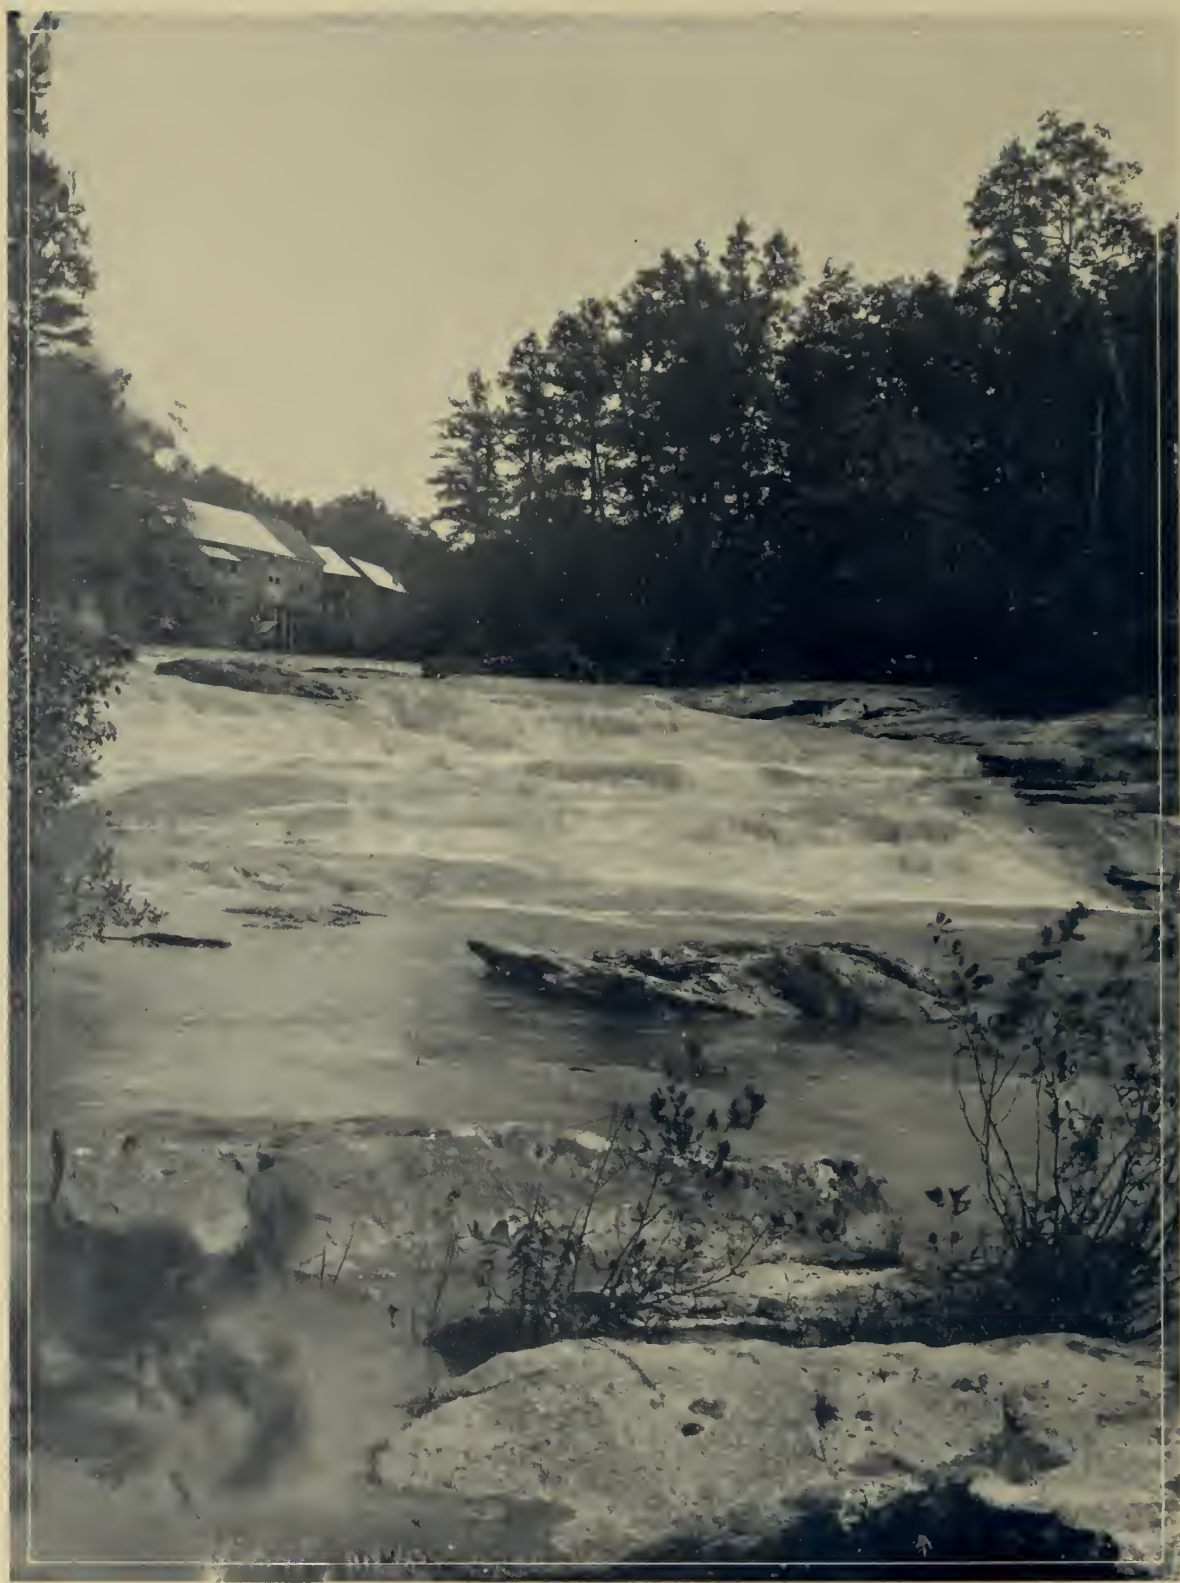

Any attempted laudation of a life, so noble, so rich and so Christian is futile. His life is its own most eloquent eulogy. To set aside this page, in the chronicle of Piedmont College, is to pause as at a wayside shrine, in humble devotion. To us, who sat at the feet of this great teacher, the loss of so keen a mind and of such capable leadership is incalculable; but the memory of his scholarly teaching and friendly counsel will be an enduring inspiration.

FOOTBALL SQUAD

COACH FORRESTER certainly had a job on his hands this year when the football squad reported. He had to replace seven varsity men, who were lost to the team through graduation, and any coach will tell you that it's no easy job filling the shoes of men who have been playing under your guidance for four years. However, it wasn't long before Coach, with the help of Lewis Chambers and Max Forrester, had replaced these men and had two teams working in unison and with precision.

When the season opened it was to find the squad in good physical condition and displaying a fine spirit. As a result the Lions were victorious, winning over a strong W. C. T. U. team.

Even though the Lions did not win every game this season they did maintain a fine spirit throughout the entire season and it was always after a real fight that the opponents were able to come out victorious.

The following men have played their last game for the Lions: Higdon, Bass, Guill, and Hallford.

I N retrospect a decade is only a short time. We look back, not over the past year, but over the twelve years that have elapsed since Coach Harry Forrester took charge of athletics in Piedmont College. The accomplishments of our coach during this period stand out as a monument to his coaching ability and the sterling quality of his leadership, and a bright spot in the chronicles of Piedmont College. To have been a candidate for football, basket-ball, or baseball has meant much to our students, not only fine coaching, but a personal contact with a real man, that is unforgettable in the lives of our athletes.

When Coach took over the athletic department, Piedmont was playing a few "prep" schools and some freshman teams. These have been eliminated and competition for Piedmont athletes now includes such colleges as were scheduled during the past year: University of Miami, Alabama Teachers, Tennessee Wesleyan, and Western Carolina Teachers; all from neighboring states. The records of this period show that Piedmont has always had more than an even break in these competitions.

In addition to the strenuous duties of football, basket-ball, and baseball, Coach "Harry" is head of the biology department of the college, where his work also is outstanding. He has recently completed his thesis and received his Master's Degree from the University of Alabama, where his election to Kappa Delta Pi, bespeaks his achievements in a great field.

HIGDON, *Captain*

"Hig," in playing his last year for the Lions, proved to be a good leader. He was not so fast on offense but on defense he was immovable.

GULL *Quarterback*

Besides running the team from quarterback position was a good blocker and ball carrier.

STURGIS *Guard*

"Lengthy" was right there again this year. He was a hard worker and was always found in the midst of the battle. He was certainly strength to the middle of the line.

HALLFORD *Tackle*

Fred, like all new men, was a little bit awkward at first but when the season ended he was right in there with the best of them.

GILLESPIE *Tackle*

"Tiney," after being away for a couple of years, came back to don a uniform and take up the duties of a tackle. He is big, powerful, and fast and it doesn't take the opponents long to realize this, once he gets started.

CANUPP *Halfback*

Johnny was an old veteran at the game and he really knew how to puzzle the opponents by giving them a leg and then taking it back and scampering to a touchdown.

BASS *Halfback*

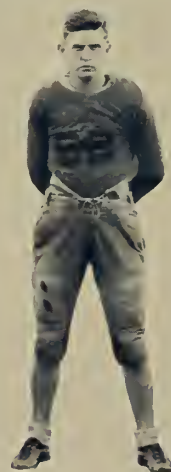

Jack was perhaps the most elusive ball carrier we had, and his timely sprints around the end for long gains and touchdowns will always be remembered.

PORTER *End*

"Luther," although a freshman, was in every game because he knew his football. He was down fast on punts and once he tackled the runner there was no further advance of the ball. When he hit them they stayed hit.

SMITH *Guard*

Bob in playing his first year as a guard proved to be the best lineman of the year. He was constantly in the enemies' backfield when they had the ball and was always ready to give real interference to the ball carrier.

STAPLETON

"Slab" was one of the hardest fighters on the squad and won the admiration of both coach and players. He should develop into a very valuable man.

Guard

McDONALD

Arlis, the diminutive quarterback, deserves plenty of credit because he took more punishment than any other man of the squad. He directed the team well and kept a cool head on all occasions.

Quarterback

OWENS

Ted was a little green when the season started, but it wasn't long before he had worked himself up to the varsity. He was equally good on offense and defense.

Center

WOFFORD

"Cow," who shared honors with Ted Owens at center, was noted for his ability to catch the ball carrier just as he seemed to break from the line of scrimmage and head for the open field.

Center

JONES

Although he was hindered with a "trick" knee most of the season, you would always find him ready and willing to carry on the duties of a good end.

End

PAGE

Monford was one of the best offensive backs on the team and his hard tackling was the main feature of every game.

Halfback

HARRIS

Even though the lightest man on the line he was always an obstacle in the path of the opponent. His ability to catch passes pulled the Lions out of danger many times.

End

SWINDELL

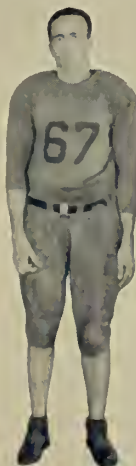

The smallest man in football—that's Harry—but my, how he could tackle. If he only had the size there is no doubt of him being an All-American.

End

FARMER

Roy was always a threat. He had every ability of a good football player. He passed accurately, punted well, ran hard and was a good blocker. What more can be said about him?

GIRLS' BASKET-BALL

COURTNEY *Guard*

Rosalie is a dandy guard. She's everywhere, and she breaks up that opposition no matter how strong. She plays a hard and speedy game, and P'mont will lose a player whose place will be hard to fill.

*JONES *Center*

This is Dolly's last year to play for P'mont. We are fearful lest no one can be found to take her place.

LUMSDEN *Center*

Isabel has made a good beginning and we're glad to know she'll be back next year fighting for the Green and Gold.

DEWAR *Forward*

Sally was always there fighting for the Green and Gold.

JUSTUS *Guard*

We knew Lucy at Demorest High and knew she could play ball.

LOTT *Forward*

Louise was anxious to do her part in playing the game. She had plenty of pep and fighting spirit.

*No Picture.

GIRLS' BASKET-BALL

CHANDLER *Guard*

Kat was always ready to do her share in making P'mont the winning team.

PUCKETT *Forward or Guard*

Lou Anna, always fighting, and ever dependable in every phase of the game, with a keen eye for the basket.

DODD *Guard*

Rubye played a great game as running guard, she kept the old ball rolling.

HOOD *Forward*

Eva was one of our best reserves and we're betting on her next year.

McKAY *Forward*

Voncille was a new player, but nevertheless she delivered "the goods."

*Moss *Forward*

Mamie was characterized by her perfect dependability in shooting and by her team work.

*No Picture.

GIRLS' BASKET-BALL SQUAD

WHEN the November call was made for girls' basket-ball practice there was an enthusiastic response. After two weeks of practice, the Piedmont girls won the annual Thanksgiving game from the Alumnae.

Those who had earned their letter last year and returned to the squad were Emma Boring, Rosalie Courtenay, Dolly Jones, Rubye Dodd and Sally Dewar. A goodly number of the reserves from last year were also present.

Of the new material, Lou Anna Puckett, Mamie Moss, Voncille McKay, have made a creditable showing. Mention must be made of the three freshmen who have earned letters this year. Lucy Justus and Eva Hood must not go without mention on this year's squad and we're counting on them for next year.

The close of the season found the girls of Piedmont with the advantage still on their side. The eight game schedule, when completed, showed five victories and three losses. Losing to two Atlanta teams, the Alpha Girls and Oakhurst, and W. C. T. C. Winning from W. C. T. C., Pattillo of Atlanta, Piedmont Alumnae, and both games with Dahlonga.

The prospects of a strong team for next year are fine, but the loss, by graduation, of Courtenay and Jones will be keenly felt.

BOYS' BASKET-BALL SQUAD

THE Lions 1933 Basket-ball season was very successful, losing only four out of fourteen games played. All four of the games were lost away from home and it has now been two years since they were defeated on their own court, an enviable record.

Haynes is the only senior on the squad and if they all return next year they should have an even better season and we look forward to the team of next year.

BOYS' BASKET-BALL

MIZE Forward

The hero of nearly every game because, if there is anything outstanding in a basket-ball player it is his ability to ring goals, and John's ability at this is unsurpassable. His pass work also helped others to score.

PORTER Center

"Habersham" never believed in leaving an opponent open and when his man made a goal it was always with difficulty because not only was he a good pivot man but also a good guard.

CANUPP Forward

Johnny always played hard and played the game well, and his presence was missed greatly when he failed to return the second semester.

PAGE Guard

Even though "Betty Jo" was only a freshman he has proven to Coach Harry that he has the makings of a fine athlete. He was a good man to work with, and believe me, he can certainly handle a basket-ball.

HAYNES Forward

What he lacked in stature he made up in his ability to co-operate and work with the other players. He was always a threat and it was mighty hard to keep him off the varsity.

BOYS' BASKET-BALL

HARRIS *Guard*

A good trainer and a hard worker are the essentials of a good basket-ball player, and Harris is both; thus he proved to be one of the most valuable men on the squad.

SMITH *Guard*

Bob while playing his fourth year with the Lions was switched from a forward to a guard and in doing so proved that a good basket-ball player can play any position. He was not only a good defensive player for in pinches he would always come through with a long shot that was good for two points.

HUDSON *Guard*

"Hud," a letter man from last year was in there again this year with plenty of fight and spirit.

FARMER *Forward*

Even though Roy did not take scoring honors he was a real asset to the team because of his floor work. He was always on the ball.

WOFFORD *Center*

"Cow," after being out of school for two years came back to take up his old original place at center, and proved to be a very good pivot man and also a crack shot.

HIGDON *Guard*

Earl has contributed much to athletics and even though he did not stay out the entire season he deserves credit for being a hard fighter and a good worker.

PIEDMONT FOR MINE

*Among the hills of Habersham,
Where skies are ever blue,
Old Piedmont takes her stand—
The pride of Dixie Land.
And while the waters of Lake Demorest
Make ripples in the breeze,
And rainbows glow with Green and Gold
The words we'll sing are these—*

CHORUS

*It's Piedmont for mine, Piedmont for mine
That's the school I love the best,
Down in Georgia, Demorest,
The sun always shines on that place so fine
And I'll always say as I say today,
It's Piedmont for mine.*

*Friendships form that brave the storm
Of hardships great or small;
Our lives are molded here.
Our Alma Mater dear.
And when we enter in that larger life
In sunshine or in rain
Our hearts will turn again to Demorest,
And then again we'll sing—*

THE Young Women's Christian Association has, ever since its appearance upon the Piedmont campus, endeavored to train Christian leaders and develop Christian character. This is being accomplished through the efforts of the Y. W. members in conducting chapel and vesper services throughout the year. The threefold program of the Y. W. C. A. has been of especial benefit to its membership and in the meetings many problems confronting young women have been advantageously discussed. The president of the association represented Piedmont College at the 1933 Faculty Student Inter-racial Conference held in Atlanta.

In conjunction with the Y. W. C. A. a joint project has received much attention and planning. The Dutch Oven will be an appreciated addition to the student life of the college.

THE purpose of the Y. M. C. A. on Piedmont's campus is to create and cultivate a Christian atmosphere in all activities. This year the organization has not only sponsored some very inspiring and truly helpful addresses in private meetings, but has inaugurated a new program of co-operation with the Y. W. C. A. The cabinets of both associations meet together every Monday night and discuss problems confronting them in Christian leadership. The Y. M. and Y. W. C. A. are jointly endeavoring to promote the highest type of social life upon the campus. Teas and square dances have been added to the social activities, through the efforts of the two organizations, in addition to the regular receptions and the Christmas Lantern Walk.

The president of the local Y. M. C. A. was elected secretary of the state organization this year, bringing more honors and recognition to Piedmont College.

*"Not for selfishness nor gain
Nor for mean ends to attain,
But ideal to retain,
Theta Zeta Phi."*

SUCH is the song which rings true in the heart of every Theta Zeta Phi. That strong inner urge to become associated with a group, has been satisfied for every Theta Zeta Phi, by becoming a member of the society. There is here an excellent opportunity for training in leadership, and in co-operation. It is in such a group that—

*"Friendships form, that brave the storm,
Of hardships great or small."*

Social life and literary achievement have gone hand in hand. The social life has been made enjoyable by the various parties sponsored by the society for its members. As for the literary standards—they have been kept up to par by the inspiring Friday night meetings.

When the name Theta Zeta Phi is mentioned, there is an instant deep feeling of pride in the heart of every Theta Zeta Phi—proud to be associated with such a group of girls, and proud of the excellent ideals which the society upholds.

The name Theta Zeta Phi—symbolic of truth, wisdom, and success is borne aloft by each of its members.

THE J. S. Green Society was organized in the year 1897, for the purpose of developing the young men of Piedmont College, mentally, morally and socially. Much progress has been made toward this goal in the last thirty-six years, and its membership is constantly attaining new heights of achievement. The year 1932-33 has been a good one for the Greens because its active members have worked with ardent enthusiasm and determination. Miss Kathryn Foss was chosen as the society's sponsor. Miss Foss is a popular and talented member of the student body, who has also added much to the success of the society life this year.

The thirty-sixth anniversary program was presented in the College Auditorium, as an open meeting, on March eleventh. A most unique presentation of the sponsor followed by an enjoyable three-act play, "The New Sin," contributed to the success of the year's activities of the J. S. Green Society.

THE Gamma Chi Society, from the beginning, has tried to uphold the highest ideals. We have worked toward the advancement of each member in a physical, mental, and cultural way. This year we believe we have been particularly successful.

Gamma Chi is an important factor in binding our Alumnae to our Alma Mater. Through our growing Scholarship Fund, we hope to make the ties all the stronger between past, present and future members.

The Eleventh Anniversary Program this year consisted of two parts: "Spreading the News," and the presentation of the Sponsor, Mascot and Scholarship Girl. The presentation was in a Japanese setting.

*"For firm and staunch we e'er shall stand
Unto each other true,
And loyal to our noble band,
Hers, yea her own, our whole lives through."*

THE Protropian Literary Society was organized thirty-five years ago. Since its organization it has stood for the encouragement of fraternal enlightenment and co-operation.

The Protropian Society began anew this year with a real enthusiastic spirit, which for a few years had been lacking, and sponsoring a more progressive program of debating and literary work than in former years. In order to keep up the spirit in our debating, the society procured a valuable trophy which will be given to the champion debater at the close of the year.

The Protropians have exchanged some programs with the young ladies' societies. This is a step forward in bringing together the societies of the campus.

The Protropians selected Miss Rosalie Courtney for their sponsor this year. Miss Courtney is an outstanding leader of the campus in literary activities as well as athletics. She also had the honor of being chosen the "Best-all-Round" girl on the campus.
